Contemporary Romance

Hello, romance lovers! 🥰

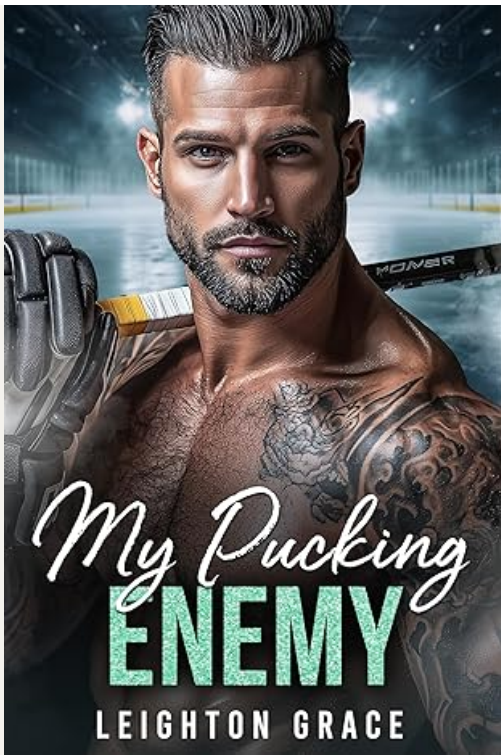

Okay, confession time—football will always be my first love. The energy, the drama, the tight ends... it's hard to compete.

But lately? Hockey's been making a pretty strong case for my attention—at least when it comes to romance. Maybe it's the ice. Maybe it's the swagger. Or maybe it's those grumpy, too-hot-for-their-own-good book boyfriends who keep stealing the spotlight.

This week's feature brings all the tension, heat, and heart I love in a sports romance—and trust me, even if you've never picked up a hockey stick in your life, you'll be cheering for this couple by the final period.

Get cozy and get ready to fall hard for this one.

Happy reading! 💕

Trapped With My Former Flame

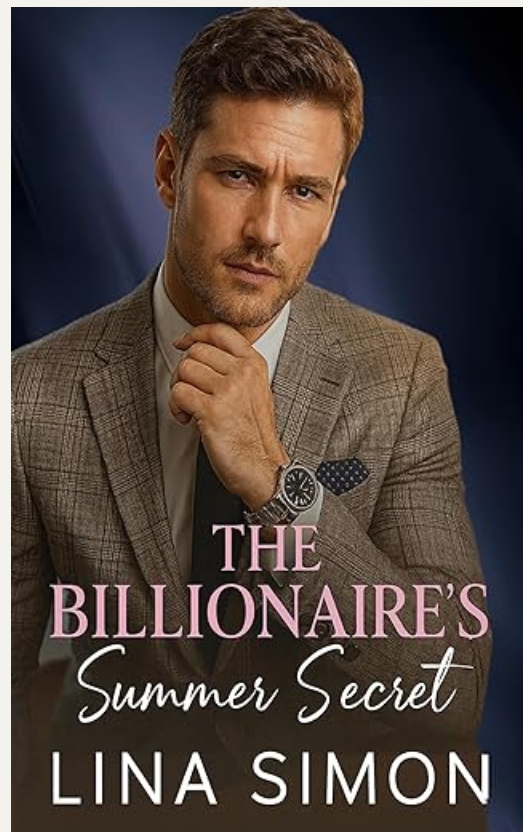

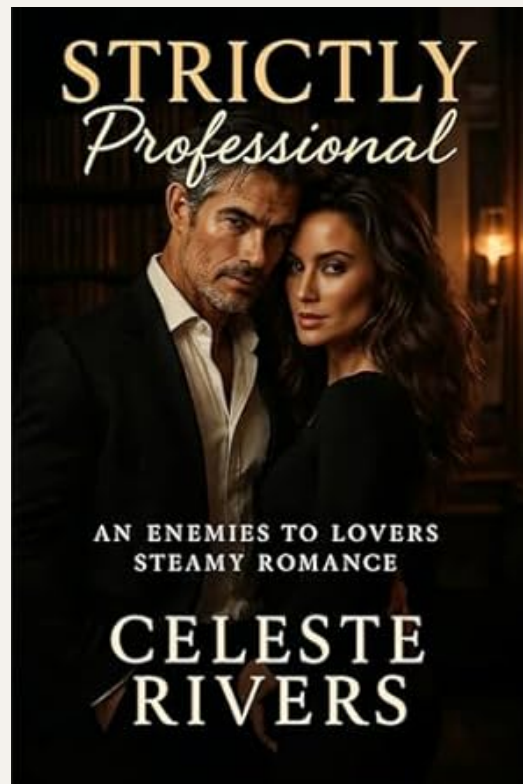

Help. I was supposed to hate him.

Luca is all confidence and chaos —and somehow, I'm fake dating him. Now he's whispering lines we never rehearsed, touching me like he's forgotten this is pretend.

And the worst part? I can't tell if I'm acting anymore. ***The ice is melting fast... see why.***
