Contemporary Romance

Hello, romance lovers!

Just when you think a relationship is long over, fate sometimes taps you on the shoulder and says, *not so fast*.

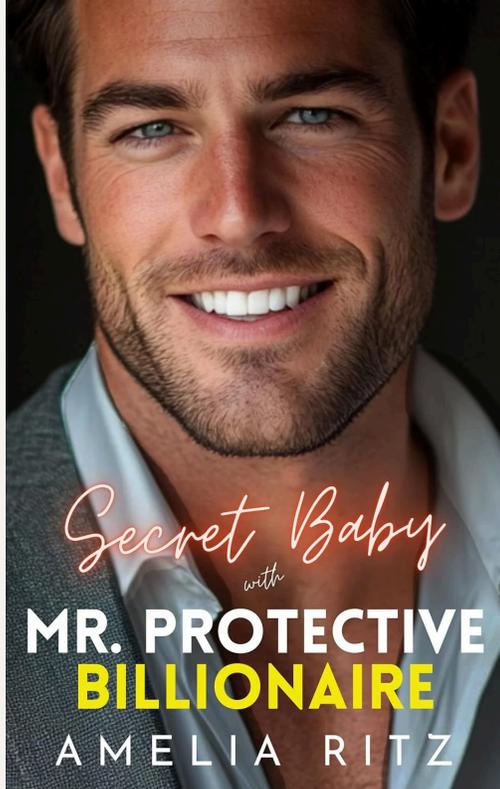

Second chances. The kind you don't plan for. The kind that asks whether you're brave enough to open your heart again... even when the stakes are higher than ever.

What would *you* do?

Today's feature leans into that kind of fate-driven romance—where the past isn't finished, and the heart doesn't get a say in timing. 🐉

Settle in. This one feels like exactly the kind of escape we all crave.

Happy reading! 💕

**Secret Baby with Mr.
Protective Billionaire**

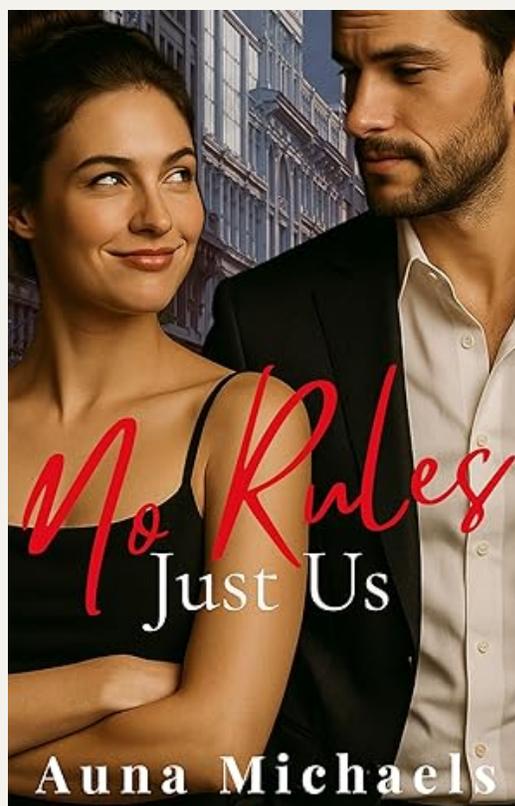

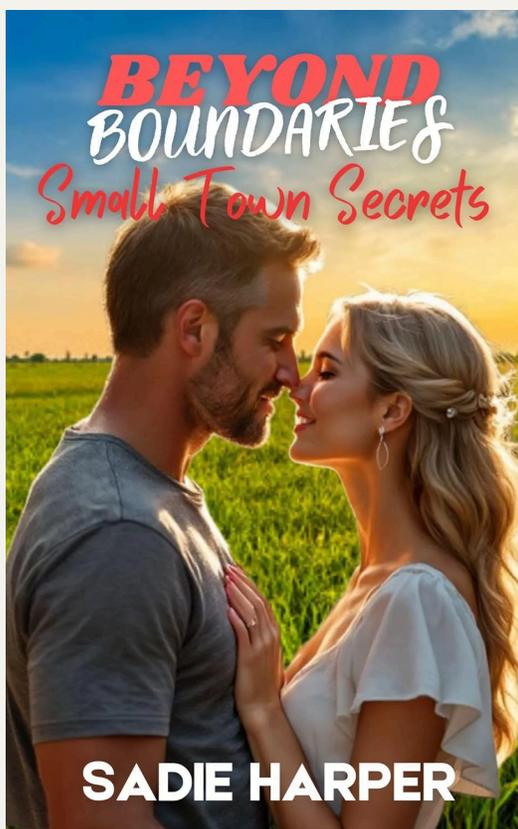

Years ago, my world exploded—and I rebuilt my whole life believing he was gone forever.

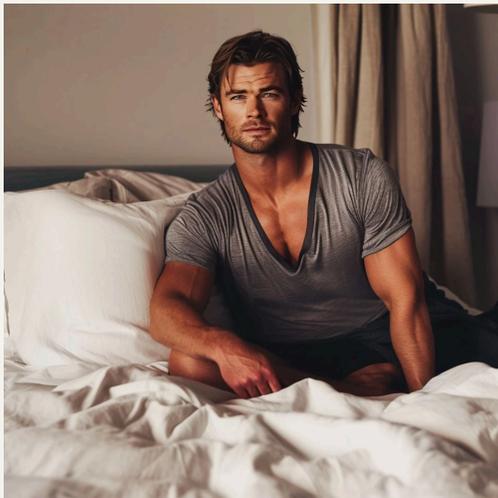

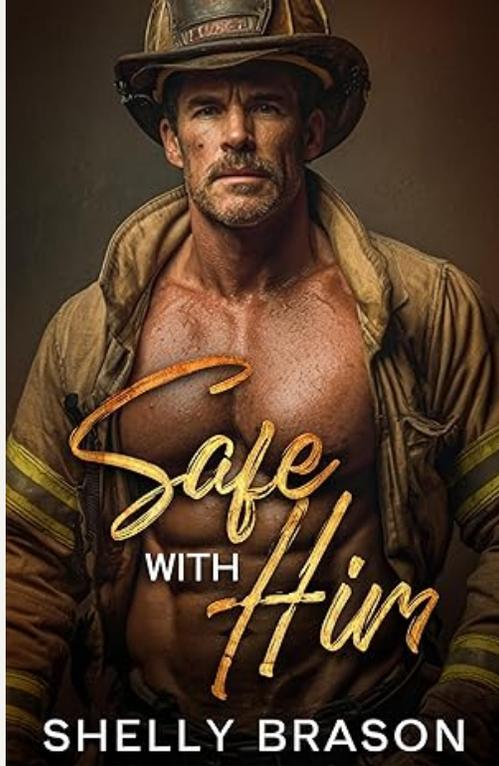

Now fate is handing me a second chance I never asked for. He's back. Still dangerous. Still devastating in all the ways that undo me with a single look.

Wanting him feels reckless. Loving him again could cost everything. And this time, it's not just my heart on the line. 💕

Some loves don't die.
